

[This transcript of Dr Fred Freeman's notes (No known Ishval number) was by Eleanor Grundy and Alan Roberts in November 2012 - all additions to the original are in square brackets and italics. Crossings out in this piece of work have the same content as in the original, which were also crossed out and usually incomplete sentences.]

[1]

Eugene Jesus the Being

26.1.1975

Anti-Semitism = anti-Christian
Jesus was a Jew who was not anti-jew.

Consciousness permeated with absolute wisdom
2 generalities in Old Testament,
every being has 2 poles.
Jesus claimed he fulfilled a prophecy.
ie the son of God directly (- able to communicate at right angles to time process)
He represented the goal of the human race
- was the first to attain that goal.

Energy is thought-power that can do work.
All energy forms are inter-changeable
Matter is energy
Therefore that energy can be changed into:
all forms, ie thinking, feeling, initiative, comprehension etc.

It is possible for will to operate on objects in human race.
Will is a power.
'He is the only door' ie no one can get to truth other than by the process he carried out.

Cruxification *[sic]* is a precondition to a Resurrection.
He claimed full control over his organism.

He was the first to do it.

Zarathustra born 25/12
many similarities with Jesus, but he did not deliberately take all the steps to create
the conditions of his own capture.

Buddah taught an intellectual analysis of universe. He had a highly developed intellect,
but he was supported by the establishment. Jesus fought the establishment.

Jesus gathered sufficient emotional energy so that, when he was crucified, a mark was
made.

He had done nothing but help people.
Therefore through Jesus's act, cross because a symbol of victory.

Jesus said 'Children are like angels of heaven'

Hex)

Six) Circle with 6 petals = Hexon

Sex)

I "exist" ie stand out from a background

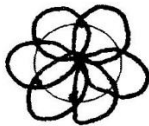

6 fold being = structure of being

Six means Exist

Sex = means whereby existence occurs

Six means to be indebted to adjoining/intersecting circles.

There is something in our selves which makes us tend to think 6 petals are a separate individual flower.

To draw a circle and to understand it, gives you the power to draw another circle

LOGOS in Greek = Word

and = Proportion, Truth

Circle is - self-evident

- imminent self-evident

internally to itself is the key to its own structure.

Christ knew what was in men

ie one man properly analysed is key to all men

Hexonic Field) Is the continuous

EIDETIC Field) field of hexons

ie of form, shape, structure

Field = Any area or zone of influence of any effective form (under consideration)

No person with an internal structure has that internal structure as his own. It is the product of the inter-actions upon himself of other beings.

Any form whatever can be drawn by superstressing lines in hexonic field.

To stand out) are synonyms

To exist)

Every philosopher is fundamentally

3 - mathematically)

2 - logic) interest and understood

1 - geometry)

All inventions of world have been made with the above 3.

The more complicated structure of human being enables him to comprehend this

in logic

in feeling, emotion

volitional, will

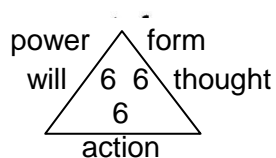

6

6

6

666

ie man and beast exists at
= 3 levels of awareness
trinity of : thought, feeling, will.

Mnemonics
to remind people

When you put form onto power result is action.

Through relation with other beings, your mind has become structured.

You cannot fixate something in your consciousness, without pushing it very hard.

Most people

If a thing is to become embodied in your muscular / glandular / nervous system, you must drive yourself to embody it.

Man must be an affirmer of that operation.

Jesus went to the n'th degree of consistency.

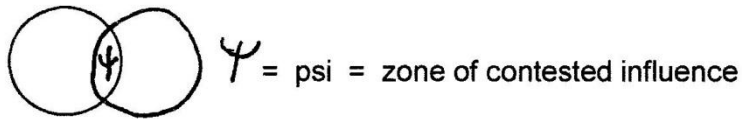

Matter is only power.

Therefore Jesus proved he could lay down his life and take it up again.

Christianity collapsed after 400 years, because it is very hard work.

One is indebted to an infinity of ancestors, forces, etc.

Jesus's Great Rule = Turn the other cheek.

Jesus says "Do not contest for the zone, give it up"

When we abdicate responsibility for a particular zone, the other's egotistic responsibility grow and grow.

Law - Daily deal with less and less but as you deal with less and less, you gain more and more experience.

Jesus claims to be the first man to embody, the way, the truth, the light.

The elect will have a principle which may be attacked by any principality claiming absolute authority of other beings (circle).

Every hexons qualities depend on

PARA = Beyond

Para-hexonic Field = Beyond the six-fold being - ie substance not conditioned by hexonic

Behaviour of

Energy / force = power

We can co

Ecclesia Para-hexonic Ultimate Reality

Wash-away structures that are erroneous or no use to us.

Salvation

Released from rigidity of structure

Add to

Sal - vation
Wash = straighten
A - way - way
=====

Therefore we can make unity of beings who understand meaning of salvation.

Feeling of absolute, material independency.

To understand it is, immediately to be a member.

Ecclesia Para Hexon

Accommodation in world Situation = Survival.

	SUR ON
	SUB <u>ON</u> Being

Sur on will grow to tolerate radiation.

Sub on will stay underground.

Sur on's children will have high tolerance of radiation.

Sub on will have low tolerance and will build a city underground.

Reciprocal inter-penetration of other people's energies is a fact.

At any moment one chooses to affirm this inter-penetration of energies.

* || Any body who chooses not to be moved by art, action, science of another being,
removes himself from human level and becomes a beast.

Jesus was first spectacle of innocent man sacrificing himself.

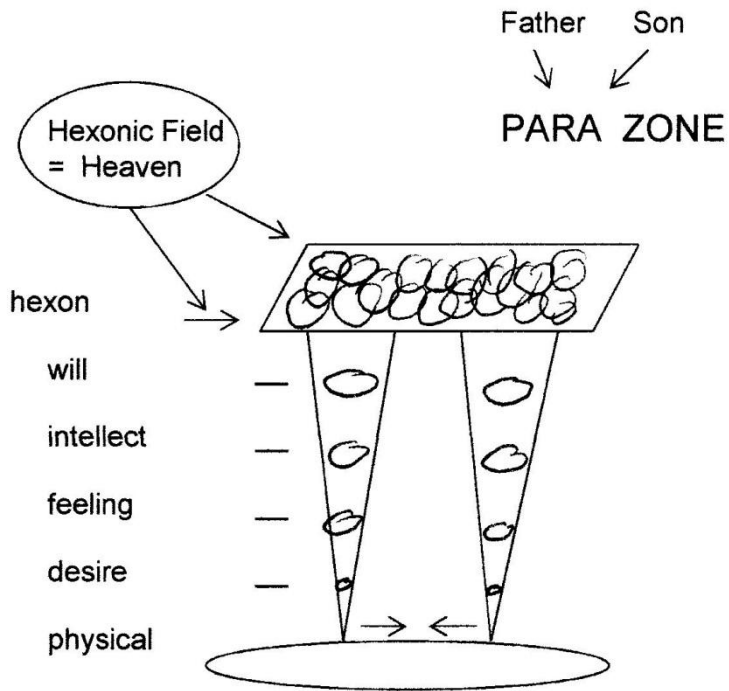

Gethsemane Dialogue in Bible.

Story tells us Jesus was meditating and his disciples were sleeping.

He was wondering if there was anyone who was worthy to carry on
when he has been crucified.

Perfection is made of trifles and perfection is no trifle.

Out of trivialities builds up strength to pull away from earth and mediate of hexonic field.

Our physical bodies are modalities of Jesus's Hexonic Field.

Therefore we have Jesus in our inner beings.

TIM has gone
Eternal

(TIMID) chained down in the time process

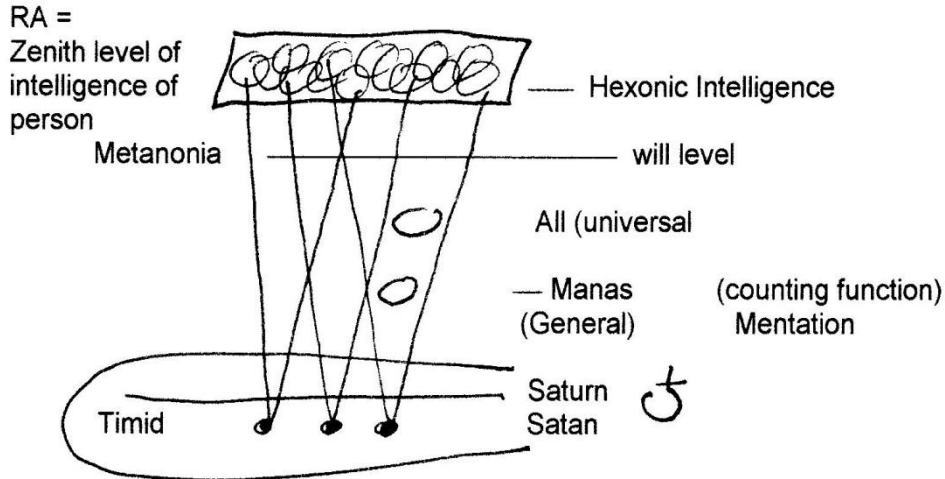

Hell = isolation of individual

pride)	hold individual
inertia)	down in
and wrong choice)	isolation

Question

The problem of truth versus time-form
(timid)

PA at top level hexon
RA

There is tremendous inertia from past.

St Paul - there is a will in the flesh
There is a will in the hexonic level

There is a tendency for people to cling to ideas for which there is no logical ground.

Jesus said "I am come to destroy the work of women" (Apocryphal Gospel)
- ie inertia of protoplasmic memory.

Level at which we are m

⚡. Glyph for time Saturn → "Spiritual activity turning"
ie turns and makes an individual

Satan = personification of serpentine intent

When we identify with the body we are "timid" ie fear pains and loss of pleasures

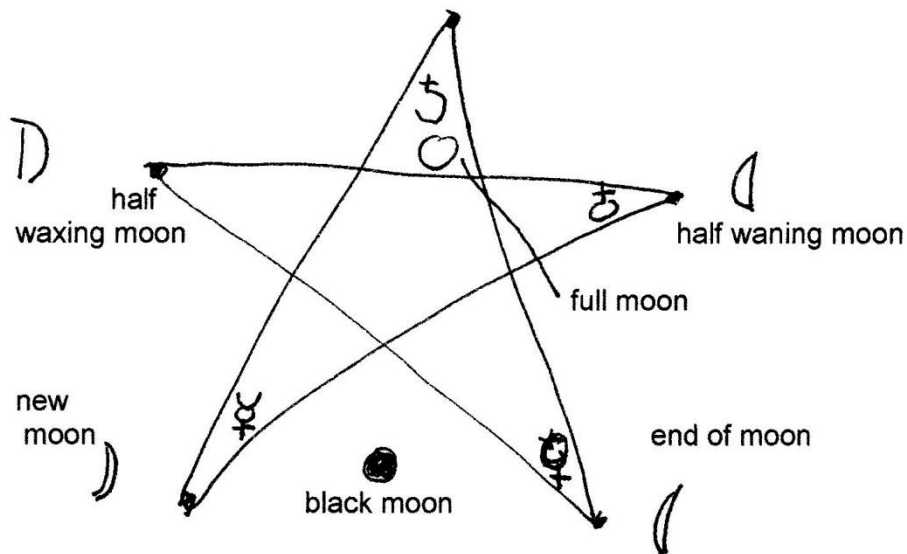

(Ra-pour ie link at hexonic level)

Generative power of infinite = God

You say will of the father through you to another being.

But to another person, you are an external being, and he may react on that basis.

Like / Dislike = antipathy of structure

Ignore = wilful disregard

METANOIA Level of Hexonic Field is Will level. One decides whether to go up to hexonic level, or down to physical level.

Moral overlooking is below will

Will is spirit

I need not be conditioned by like/dislike, or what I know of physical facts.

JOY = affirmation of situation to which you assent.

When you assent to a situation in which you have put yourself you are in joy.

Will is immediately present in itself.

Joy = absolute positivity of self-precipitation.

Ancestors have given us a body full of timidity.

Creeping in flesh is ancestral, associated with physical body in time process.

PA = Pure Actuality

There is nothing of inertia in it

There is extreme positivity

Metanoia = source power of your being

in metanoia you see a new impression
a new emergent is coming on.

You choose whether you will live at the Live Level

or at the Level of Inertia

“ ——— ” = symbol of inertia

“ | ” = symbol of initiative

TAU)
TAV) = Time
TOV)

7 = R

9 = male phallic capacity for self-help

Spirit of clarity and self-definition

Phallic drive and ruling power to control it

pride that lifts itself up, knowing it is son of father, but also holds itself down.

Therefore immediate self-presence

What you are eating is your self

The same power that gives birth to you devours you. You are the pure hexonic field.

At level of will you choose freely whether you like the reciprocal inter-penetration of all forms of beings.
